## COVID-19 – HEALTH & SAFETY

### PROTOCOLS

Safety is our priority. We have stringent policies in place to help ensure our employees and customers are safe from COVID-19.

#### Guests:

- Maximum of 2 households per table: largest party is for 6 guests as per government instructions
- Please wear a protective mask when you arrive, move around the restaurant and use the bathrooms
- Please sanitise your hands at the dispenser provided when you arrive and use the hand wash/sanitiser in the bathrooms and on tables
- Please follow the instructions of our staff with regards to traffic flow in the restaurant and in the bathrooms
- We are required to keep your details on file for 21 days to assist with 'track and trace' if necessary
- We are unable to store/touch guests' coats, luggage or umbrellas

#### Staff:

- All employees have completed a health screening questionnaire and confirmed they are in good health prior to beginning work.
- Mandatory daily temperature checks for all staff
- No employees will work if they or anyone in their household is unwell following Public Health England Self Isolation Guidance.
- Our employees follow safe COVID-19 working procedures.
- Enhanced cleaning and disinfecting is being carried out using chemicals that are appropriate for COVID-19.
- Employees already follow good personal hygiene, but this has been enhanced for both back and front of house teams.
- All staff wash their hands regularly for 20 seconds with hot water and soap, with the addition of a hand sanitiser afterwards, every 30 minutes and food surfaces are also cleaned every 30 minutes.
- Contactless pick up and deliveries are in place which follow social distancing guidelines.
- Our employees have been provided with appropriate PPE.
